IMPORTANT: PLEASE RETAIN THIS INFORMATION FOR FUTURE REFERENCE

Safety warnings

1. Do not place any metal object across the battery terminals as this can short circuit and heat the battery. This can cause a risk of burn or fire.
2. Do not place any metal objects across the printed circuits on the board as this can cause a short circuit damaging your device.
3. Do not use your device in water or with wet hands.
4. Please avoid handling the device circuit board while plugged into a power supply.
5. All components of your device should comply with the relevant standards and should be marked accordingly.
6. Please do not leave your device within reach of children under 8 years of age.
7. Please operate your device in a well ventilated room.
8. Only connect your device to a power supply rated at 3 Volts.
9. Please do not store or use your device in extremely hot or cold environments.

Battery warnings

- Do not try to charge normal (non-rechargeable) batteries. Please do not mix different types of batteries or mix new and used batteries
- Please use batteries of the same or equivalent type as those recommended
- Please insert batteries the correct way round (with the correct polarity)
- Please remove spent batteries from the battery holder
- Do not short-circuit the battery supply terminals, for example by placing a metal object across the terminals
- Only use Zinc or Alkaline batteries with your Device
- Please do not use rechargeable batteries
